

PARAGON CONTRACT FURNITURE

Shaping tomorrow

Paragon Contract Furniture is a division of Paragon Design Joinery offering you a comprehensive range of contract furniture solutions on a supply only basis.

With our ability and experience in manufacturing, we are able to create best value solutions for your project that are built to last.

By offering our products on a supply only basis we are eliminating the overheads connected to installation, enabling us to focus our efforts on creating a proposal that best meets the needs of the project.

Aimed at supplying high volume furniture for residential and student accommodation projects. We are able to offer a bespoke range of vanity units, bathroom storage, wardrobe solutions and office furniture including desks and shelving.

Drawing on our vast experience and our holistic approach to manufacturing we are able to give full consideration to the complete process, taking into consideration any design or cost constraints. We also have an experienced team of designers enabling us to offer detailed design development with CAD drawings that bring your visions to life.

## OUR DESIGN AND MANUFACTURING PROCESS

2

### TECHNICAL DRAWING

With the instruction in place, we progress technical designs for each component, including 3D views for easy interpretation.

4

### DELIVERY

With the design and manufacture focused on ease of installation, all units are delivered to site in kit form for minimal fuss load-out and installation.

**Our offer to you**

We are able to offer solutions that are suitable for all project needs from student accommodation all the way up to Penthouse apartments.

Our designs are completely bespoke and we are able to offer a vast selection of colours and finishes. In order to simplify the process we have broken down our offering into 3 philosophies The Knightsbridge, The Kensington and The Chiswick. This will enable us to give you an idea of the finishes that would be available to you based upon your initial budgets.

We are also able to draw from all three options in any job, for example: studio and 1 bed apartments are fitted in a product from our Chiswick range, 2 bed apartments are fitted in a product from our Kensington range and 3 bed apartments and Penthouses in our Knightsbridge range.

Paragon Contract Furniture is a division of Paragon Design Joinery, a bespoke joinery specialist covering all areas of bespoke joinery for both commercial and domestic interiors. Using some of the world's leading technology in our 20,000sqft home in Berkshire, our relationships and capabilities have led us into some of the most diverse corners of this market and has created an enviable depth of experience. This knowledge is accumulated then applied to each fresh challenge in search of the very best solutions.

The seed was sown back in the '80s where our founder and current Operations Director Tim Parsons, pursued his passion for joinery and began his apprenticeship. In 2006, after gaining massive experience in the joinery and interior fit out markets, a niche was identified in the market for the manufacture and installation of bespoke joinery. Tim set out to set up his own factory, investing heavily in

machinery and researching best practices. Shortly after this he was joined by Mark Taylor, our current Sales Director and our bespoke joinery company was formed. We are proud of our reputation for creating superior, functional interiors that transform design inspiration into reality.
